Questions for client call

- Any large bike orders or wholesale deals expected in September that we should accrue?
- Was the Tools & Equipment spend a one-time purchase, or part of an ongoing upgrade plan?
- Should we keep Marketing at the August level through fall peak, or pull back?
- Any owner draws, loan payments, or inventory deposits not yet in the books?
- Confirm: are used-bike consignments fully recorded, or are some still on memo?
